God's work. Our hands.

Dear Members of the Southeastern Minnesota Synod,

Thank you for your ongoing support of our synod-wide Enough Food for All initiative as we continue to partner in ending food insecurity in our region by 2020. We can rejoice together in the efforts being made throughout the synod to provide food for those who need it. As a way to encourage congregations to start new programs and projects, we are pleased to provide a grant opportunity! These grants are available to any individual or congregation in the synod with an idea related to ending food insecurity.

The dollar amount for the grants will vary but will be approximately \$500. Please fill out the application below to be eligible for a grant. Additional instructions for follow-ups are available at the end of the form. Thank you for your partnership!

With joy and hope,  
Bishop Steven Delzer
