

Campus Ministry Sunday

OCT 23, 2016

Lutheran Campus Ministry (LuMin): Continuing what you have begun

In academic settings that are intellectually and emotionally challenging, Lutheran Campus Ministry (LuMin) provides a place for faith to be nurtured. Through the study of scripture, building of Christian community and Christ-centered worship students are reminded of and strengthened in their baptismal calling.

ELCA campus ministry programs seek to be inclusive faith communities celebrating God's love and grace on 240 college and university campuses throughout the country. In Southeastern Minnesota we have two campus ministry sites, Crossroads Campus Ministry in Mankato and the Lutheran Campus Center in Winona. Please keep these ministries in your prayers. Pray for God's blessings upon their work with young adults.

Refer your students!

Send the names of students from your family or congregation to the Lutheran campus ministries at their specific campus with this handy dandy referral tool.

It's easy and makes a HUGE difference!

Stay Connected to your Students:

→Pray for your students and their families.

→Keep up with their mailing addresses; (yes, they move a lot, but they feel valued and honored when you remember them.) Make sure college students are receiving a copy of the congregation's newsletter. Remember them on their birthday or during midterms, final exams, etc. with a card.

→Pastors and parents could visit the students on campus and make a visit to the Campus Ministry site. We love having people!

→Set aside funds to support campus ministries.

→Encourage participation in the campus ministry events occurring during the year. These are posted on the respective ministry sites: <http://crossroadsatmnsu.org/> and <http://www.lccwinona.com>.
